SKILLS

Systems & SaaS:	Microsoft Intune, Jamf Pro, Microsoft Azure, Team-Dynamix, Duo Admin, Google Workspace, Shopify
Cybersecurity & Networking:	Linux, Wireshark, NIST Cybersecurity Framework, Risk Assessment, Threat Detection, Incident Response
Programming & Databases:	Python, Java, JavaScript, SQL, HTML/CSS
Creative, Multimedia & Design:	Adobe Creative Cloud (Premiere Pro, InDesign, Photoshop, Illustrator), DaVinci Resolve, Social Media Strategy

CERTIFICATIONS

Google Cybersecurity Professional Certificate <i>Google Careers</i>	<i>May 2026</i>
• Used the NIST Cybersecurity Framework to evaluate risks and recommend practical security improvements. • Wrote incident reports and risk assessments to document security findings. • Monitored system logs and network traffic for suspicious activity using Linux, SQL, and Wireshark.	

PROJECTS

Cybersecurity Audit & Interactive Dashboard <i>Senior Project, Ithaca College</i>	<i>January 2026 - May 2026</i>
• Conducted a comprehensive security audit and developed an interactive web-based dashboard (HTML/JS) to visualize overall security posture and track critical issues. • Built functional tools to log vulnerabilities, assign risk levels (High, Medium, Low), and document actionable remediation strategies. • Engineered dynamic data visualizations to map security vulnerabilities and coverage directly to the NIST Cybersecurity Framework (Identify, Protect, Detect, Respond, Recover).	
"Spotlight" Web Application <i>Summer Scholars Internship, Ithaca College</i>	<i>May 2024 - August 2024</i>
• Co-developed a functional prototype application designed to connect individuals with local photographers. • Built key features including user authentication, secure profiles, and a booking system utilizing Java and JavaScript.	

EDUCATION

Ithaca College <i>Ithaca, NY</i>	<i>Graduated: May 2026</i>
Bachelor of Arts (BA) in Computer Science (Minor: Graphic Design)	
• Brothers for Brothers: President (2025-2026) Secretary (2023-2025) • Christian Community Church Leadership Program: Vice-President (E-board) (2024-2026)	

EXPERIENCE

IT Service Desk Consultant | *Ithaca College**August 2023 - May 2026*

- Resolved over 700 technical support tickets for the campus community, with a strong focus on account provisioning, access management, and troubleshooting Duo MFA issues.
- Supported users via phone, chat, and email, helping them quickly regain access to their accounts and software to minimize downtime.
- Managed the lifecycle of service requests using Team-Dynamix, Microsoft Intune, and Jamf Pro, tracking recurring access issues to improve internal processes.

Endpoint Tech Consultant | *Ithaca College**May 2024 - May 2026*

- Deployed new computers for users via Microsoft Intune and Jamf Pro, making sure all devices met conditional access and device trust policies.
- Updated system images so that all devices complied with organizational security standards before connecting to the network.
- Streamlined the IT onboarding process, provisioning fully functional and secure equipment for new hires.

Clothing Brand Owner | *Vorare**May 2024 - May 2026*

- Founded and operated a clothing brand focused on personal growth and transformation.
- Architected the brand's e-commerce website using JavaScript and HTML/CSS, ensuring secure online transactions and customer data privacy.
- Managed daily business operations, social media marketing campaigns, and customer service.

Audio/Visual (AV) Technician | *Ithaca College**August 2024 - May 2026*

- Set up and troubleshoot complex AV systems and secure network connections for live events and presentations.
- Provided rapid, on-the-spot technical support for faculty and guest speakers to prevent equipment downtime during critical broadcasts.
